

# CASA

## The Event

Join us for an exciting program focused on the cornerstones of separation science: data analysis, separation science theory and implementation.

The event will kick off with keynote lectures by **Dr. Fabrice Gritti** (Waters Corp.) and **Prof. Peter Horvatovich** (Rijksuniversiteit Groningen).

## The Program

**13:30 - 14:10 (30 min + 10 min discussion)**

Keynote lecture by Dr. Fabrice Gritti: "Meeting Between Antagonists: Ultra-High Resolution Semi-Preparative Liquid Chromatography"

**14:10 - 14:50 (30 min + 10 min discussion)**

Keynote lecture by Prof. Peter Horvatovich

**14:50 - 15:15 (15 min + 10 min discussion)**

Liana Roca (UvA): "Modelling retention of peptides in HILIC separations for proteomics applications"

**15:15 - 15:30**

Short Break

**15:30 - 15:55 (15 min + 10 min discussion)**

Robert Voeten (VU): "Ion mobility separations of (bio)polymers"

**15:55 - 16:20 (15 min + 10 min discussion)**

Fleur van Beek (UvA): "A MAnIAC approach to the LCxLC analysis of heavy oil".

**16:20 - 18:00**

Borrel at the UvA (Kraak's Corner)

# CASA FOUNDATIONS

**Amsterdam Science Park Congress Centre**  
Sciencepark 105, 1098 XG Amsterdam

**Euler Zaal**

May 7, 2018  
13:30 - 17:00
